**7. Discussion:** a) Ms. Lulek suggested that a clean-up of Congress St's ravine and drainage ways should be a project and could be tied into the Rivewalk Group's efforts. Mr. Dionne asked what type of cleanup; Ms. Lulek said that there was trash and metal pieces; Mr. Dionne suggested that may be best suited for Department of Public Works to handle. Mr. Creighton said that if the Commission would like to clean-up an area, it would be best to organize a clean-up event. Ms. Lulek suggested that the Rivewalk Committee work with the Conservation Commission and/or keep them abreast of the Riverwalk plans.

b) Ms. Lulek suggested that the Student Conservation Association (SCA) be utilized to help with trail creation and/or cleanup. Mr. Creighton reminded the Commission they previously discussed this and at the Commission's direction Mr. Creighton suggested to the Riverwalk Committee, Department of Public Works, and Recreation Department that SCA could help with trail work.
