Dear Mr. Cadorette:

This is to inform you that the Rochester Planning Board at its April 5, 2010 meeting **APPROVED** your application referenced above.

"Applicant", herein, refers to the property owner, business owner, individual(s), or organization submitting this application and to his/her/its agents, successors, and assigns. The requested waiver(s) were approved.

Precedent Conditions [Office use only. Date certified: _____ ROD received? _____]

All of the precedent conditions below must be met by the applicant, at the expense of the applicant, prior to the plans being certified by the Planning Department. Certification of the plans is required prior to issuance of a building permit or recording of any plans. Once these precedent conditions are met and the plans are certified the approval is considered final.

*Please note** If all of the precedent conditions are not met within 6 calendar months to the day of the board's approval – by October 5, 2010 - the board's approval will be considered to have lapsed and resubmission of the application will be required. It is the sole responsibility of the applicant (or his/her agent) to ensure that these conditions are met by this deadline. We urge the applicant to carefully track his/her progress in meeting the individual conditions. See RSA 674:39 on vesting.

It is recommended that owners of any prospective businesses for this lot consult the Planning Department."
 - c) "If a dumpster is placed on lot 128-73 in the future it must be screened – with fully opaque six foot high fencing on all four sides."
- 3) If the house is presently a two family, then it must be fully/physically converted to a single family (the lot size does not allow for a duplex).
- 4) The garage must be physically removed and the ground underneath reclaimed, as appropriate.
- 5) The dumpster must be removed from the site or screened – with fully opaque six foot high fencing on all four sides.
- 6) Set boundary markers (actually physically set in place in the field) and note on plans ("marker set" or equivalent)
- 7) The plans are to be tied into the State Plane Coordinate System or \$25.00 is to be contributed to the Monumentation Fund.

At the discretion of the Planning Department minor changes to drawings (as required in precedent condition, above) may be marked by hand. Note.
