RE: Alteration of Terrain Application 110328-037
LAARS Heating Systems Company, 20 Industrial Way, Rochester, NH

Dear Mr. Lundborn:

This letter will serve as authorization from the Department of Environmental Services (DES) for your client, LAARS Heating Systems Company, to begin limited site work in advance of receiving an Alteration of Terrain permit for the above referenced project. This authorization is limited to the work necessary to construct the foundation for the 80-ft. x 80-ft. addition to the existing facility, and re-routing of any utilities affected by the addition, as shown on sheet C-2 of the "Facility Expansion Site Plan". This approval is contingent upon the implementation of proper erosion and sediment controls to minimize potential impacts to wetlands, surface waters, and adjacent properties.

If you have any questions, please contact me at 271-2303.

Sincerely,

Ridgely Mauck, P.E.
Alteration of Terrain Bureau
