NOTICE OF DECISION

May 6, 2010

William D. & Natalie S. Vickery Revocable Trust
83 Meaderboro Road
Rochester NH 03867

RE: Lot line adjustment. Case #232-10&12-A-10.

Dear Mr. and Ms. Vickery:

This is to inform you that the Rochester Planning Board at its May 3, 2010 meeting **APPROVED** your application referenced above.

"Applicant", herein, refers to the property owner, business owner, individual(s), or organization submitting this application and to his/her/its agents, successors, and assigns. The requested waiver(s) were _____

Precedent Conditions [Office use only. Date certified: _____ ROD received? _____]

All of the precedent conditions below must be met by the applicant, at the expense of the applicant, prior to the plans being certified by the Planning Department. Certification of the plans is required prior to issuance of a building permit or recording of any plans. Once these precedent conditions are met and the plans are certified the approval is considered final.

*Please note** If all of the precedent conditions are not met within 6 calendar months to the day of the board's approval - by November 5, 2010 - the board's approval will be considered to have lapsed and resubmission of the application will be required. It is the sole responsibility of the applicant (or his/her agent) to ensure that these conditions are met by this deadline. We urge the applicant to carefully track his/her progress in meeting the individual conditions. See RSA 674:39 on vesting.

- 1) The plan drawings are to be modified as follows:
 - a) show new corner monuments
 - b) identify new lot line as such
- 2) Add the following notes (or equivalent) to the plan drawings:

- 3)# The plans are to be tied into the State Plane Coordinate System or \$40.00 is to be contributed to the Monumentation Fund.
- 4) The applicant must submit to the Planning Department a copy of the signed and notarized deed which will effect the conveyance of the affected land (the land within the lot lines being adjusted). (After the plat is certified by the Planning Department the original deed and mylar of the plat will then be recorded simultaneously (see below). The deed may refer to the plat and state that the conveyance is not effective until such time as the plat is certified and all documents are recorded.) *This requirement is waived if the same party owns both lots (see subsequent condition, below).*
- 5) Lot 232-10 in Current Use. The applicant must provide to the City of Rochester Assessing Department a revised current use map and/or any other items needed to assure that the requirements of RSA 79-A and the New Hampshire Department of Revenue's Administrative Rules are satisfied. Contact the Assessing Department at 332-5109 with any questions. It will facilitate the process for you if you contact the department well in advance of commencing the project.
- 6) (a) Two sets of mylar (or one mylar and one acetate/washout; one recording mylar will be recorded at the registry and one full set will be retained by the Planning Department) plus (b) five sets of large blue-line or black-line plus (c) one set of 11"x17" final approved plans must be on file with the City. *Each individual sheet in every set of drawings must be stamped and signed by the land surveyor, engineer, or architect responsible for the plans.* (The applicant need only submit additional blue-line/black-line sets of drawings or individual sheets, as needed, to make five complete sets - consult the Planning Department.) At the discretion of the Planning Department minor changes to drawings (as required in precedent condition, above) may be marked by hand. Note. If there are significant changes to be made to the plans, as specified above, one full size paper check print must be sent to the Planning Department for review prior to producing these final drawings. (The primary set of plans was last received April 6, 2010)

General and Subsequent Conditions

All of the conditions below are attached to this approval.

- 1)# The plat (mylar), this notice of decision (per RSA 676:3 III), and deed (a deed is required if the lots are owned by two separate parties or if one lot is sold prior to recording of this plat; see precedent condition above) must be recorded together at the Strafford County Registry of Deeds within two calendar months to the date the plat is certified (e.g. if certified September 9th they must be recorded by November 9th). See RSA 478:1-a regarding plat requirements. **Failure to comply with this requirement herein shall render the lot line adjustment null and void.**
- 2) The project must be executed exactly as specified in the approved application package unless changes are approved by the City.
- 3) All of the documentation submitted in the application package by the applicant and any requirements imposed by other agencies are part of this approval unless otherwise updated, revised, clarified in some manner, or superseded in full or in part. In the case of

conflicting information between documents, the most recent documentation and this notice herein shall generally be determining.

- 4) It is the responsibility of the applicant to obtain all other local, state, and federal permits, licenses, and approvals which may be required as part of this project. Contact the City of Rochester Code Enforcement Department at 332-3508 regarding building permits.

(Note: in both sections above, the numbered condition marked with a # and all conditions below the # are standard conditions on all or most applications of this type).

I wish you the best of luck with your project. If you have any questions or concerns, please feel free to contact me.

Sincerely,

Michael Behrendt
Chief of Planning
