

The State of New Hampshire  
**Department of Environmental Services**

**Robert R. Scott, Commissioner**

April 30, 2021

Mr. Blaine Cox  
City Manager  
31 Wakefield Street  
Rochester, NH 03867

Subject: State Discharge Permit  
City of Rochester WWTF  
NPDES/State Permit No. NHG58A001

Dear Mr. Cox:

As you know, the U.S. Environmental Protection Agency issued an authorization to the City of Rochester Wastewater Treatment Facility for coverage under the National Pollutant Discharge Elimination System (NPDES) Great Bay Total Nitrogen General Permit (NHG58A001) on April 13, 2021 with an effective date of coverage of May 1, 2021. The Department of Environmental Services hereby adopts all terms and conditions of the authorization to the City of Rochester Wastewater Treatment Facility for coverage under the Great Bay Total Nitrogen General Permit as the State Discharge Permit that is required by RSA 485-A:13(I)(a).

Enclosed is a copy of your State Discharge Permit, which is effective as of May 1, 2021.

Should you have any questions regarding your State Discharge Permit please contact Stergios Spanos at (603) 271-6637.

Sincerely,

Thomas O'Donovan, P.E., Director  
Water Division

Enclosure: NPDES/State Permit No. NHG58A001
