

Question

Is there room to store a Scissor Lift in side building 1st. floor? The unit is 30" wide x 94" long.
Also is there another 3/4 Bath in the building?

Answer

There is room to store a Scissor Lift in the building and we do not have another 3/4 bath. The only other bathrooms are a 1/2 bath on the main deck and the Chiefs Office. Both of these have one toilet and one sink only.
