Question:

1. Can you tell if there is an outside engineer on this project or were the plans developed internally?
2. Also do you expect this project to be over 100k? If so can you provide a range?

Answers:

1. Wright Pierce is the engineering firm that has been working on this project for us, and they did develop the plans.
2. The range for this project would be \$750,000 to \$900,000
