Subject: RE: Bid # 18-03

On page 7 of 12) you are asking for a 10 year as well as a 15 year “ guarantee buy back “ of the complete truck I have no information on what will be on this truck front plow ? wing plow ? traditional dump body ? Sander ? Stainless Steel Sander ? All Purpose Dump body ? ; estimated miles and hours that are expected to be on the truck in 10 years and 15 years ? The City of Rochester noted on 1 of 12 that we will be bidding dump bodies and plow equipment separately. The City has standardized on Front plows and wing and stainless steel dump bodies and sanders. Those would not be include in the by backs. It would be just the truck that is award this bid.

I also noticed that you are not requesting any “ body “ switches (typically plow trucks will have 6 optional body switches) . You are correct we are not soliciting a bid for switches. I also noticed that you are not asking for any differential lock on either of the rear axles. Again, you are correct we are not asking for differential lock in this bid. You may bid with or without this option.

Thank you,

Jim Ramsay
