Dear Mrs. Greene:

A generous contribution to the library has just been given in memory of Mr. Greene. The donors are Mr. and Mrs. E.B. Swibillius of Milford, Connecticut. This gift will be combined with the present fund set up by you and Mr. Greene when the certificate reaches maturity in November of this year, so that there will be one fund only. In the meantime we will deposit the check in our general trust fund and will use only the interest for purchase of library materials.

We are all very pleased to have the Pearl and Charles Greene fund and to have it grow. It should last for all the years of the library's existence to benefit patrons of the Rochester Public Library.

We'll hope to see you when you have more time and feel like getting about. These days must be difficult ones--we share your sorrow.

Sincerely yours,

Mrs. Roberta Ryan

Dear Mr. and Mrs. Greene:

Today the Pearl and Charles Greene book fund was established--and beginning in August, there will be a quarterly payment to the library. These funds will of course be used to add new books and magazines to the adult and children collections, according to your expressed wishes.

All of us, trustees and staff, are so very pleased with this generous act of support from you. It was wonderful of you! The effects of your decision to set up this fund will go on and on--a nice idea to think about. Thank you very much.

Sincerely yours,

Mrs. Roberta Ryan
